Died From an Operation.

A great multitude of people have crowned SIMMONS LIVER REGULATOR the "KING OF LIVER MEDICINES." It has been their household medicine for more than sixty years, and has come down to the present generation as the inheritance from the old folks. Too little do the people recognize the fact that most ills come from a torpid or diseased liver: Malaria, Rheumatism, Chills and Fever, Constipation, Biliousness, Sick Headache, Indigestion, Dyspepsia, are all the results of a bad condition of the liver. Your physician w.il tell you the same thing. A torpid liver poisons the blood, causing boils and blotches on the skin; it also deranges digestion, and when these two conditions are affected you are ready for almost any disease. Listen to what is said by some who have taken Simmons Liver Regulator. But the best proof of its helpfulness will only be known as you take it. You'll find it also an excellent tonic to the whole system.

House Committee. There will be a meeting of the sanitary summittee of the lower house of the counci-his afternoon to consider the bleyde or dinance. The committee has had the ordinance under consideration for two weeks, waiting for the wheelmen to express themselves on the measure. From what could be learned yesterday, the report will be able to be appeared by esterday, the report will be added by the speed at which eyelists may rin their wheels in the downtown district. The committee will hear the clubmen and is prepared to not in accordance with the suggestions that may be offered by the interested persons.

The arguments which will be advanced will be that the carrying of a lantern on a wheel is a missing to the rider of the public. It will be argued that the expense of presenting salitable lamps will be a burden to the workman who rides a wheel to and from his work. The filly nature of the committee, said yesterday that he workman part in the nature of the committee, said yesterday that he workman part in the nature of the committee, the wakking public from the noiseless approach of the wheels will stay lighted. A small thaze called out the fire department yeaterday afterness about 4:30. It was located in a livery stable at 519 My andotte street. Before the blaze could be extinguished the brick building at 52 My andotte street was slightly scorehed. Damage to both places, 5%. Patrick Burningham, a substitute fireman, while working on the roof of the stable, fell through and was slightly bruised. The drop, which was six feet, knacked the breath out of him and for a few minutes it was thought he was fatally injured.
